

OpenCorporates API Workshop

- Find us at opencorporates.com
- API: <https://api.opencorporates.com/>
- Public Benefit API keys (mention this presentation):
https://opencorporates.com/api_accounts/open_data
- [The Investigator's Handbook](#) on our blog includes useful resources and tutorials. We are planning to refresh and add to the content over the coming months and we'd love to profile your stories
<https://blog.opencorporates.com/>.
- Open Company Data Index:
<http://registries.opencorporates.com/>

API Workshop: API examples used

Company

- Website: <https://opencorporates.com/companies/pa/224253>
- https://api.opencorporates.com/companies/pa/224253?api_token=YOUR_API_TOKEN
- https://api.opencorporates.com/companies/pa/224253?api_token=YOUR_API_TOKEN&format=xml

Search

- Website (search company “mossack fonseca”):
<https://opencorporates.com/companies?q=mossack+fonseca&utf8=%E2%9C%93>
- https://api.opencorporates.com/companies/search?q=mossack+fonseca&api_token=YOUR_API_TOKEN&format=xml
- https://api.opencorporates.com/companies/search?q=mossack+fonseca&api_token=YOUR_API_TOKEN&format=xml&per_page=100&page=1

API Workshop: OpenRefine formulas used

OpenRefine: <https://openrefine.org/>

Global Reconciliation Service: <https://opencorporates.com/reconcile>

Jurisdiction specific reconciliation (using ISO 3166 region/state codes):

- <https://opencorporates.com/reconcile/gb> (GB)
- https://opencorporates.com/reconcile/us_mt (Montana)
- <https://opencorporates.com/reconcile/us> (Region: US)

OpenCorporates URL from reconciled data:

- `'https://api.opencorporates.com' + cell.recon.match.id + '?api_token=YOUR_API_TOKEN'`

Parse company attributes from returned JSON:

- `value.parseJson()["results"]["company"]["incorporation_date"]`
- `value.parseJson()["results"]["company"]["current_status"]`
